

Centraal zorgeloos beheer M365

Security, Governance & Administration

Grip op je licentiebeheer, inzicht & automatisering langdurige processen + optimale onboarding

Coreview lost uw grootste Microsoft 365-uitdagingen op

Gevaarlijke misconfiguraties vinden en oplossen

Detecteer configuratiedrift en herstel fouten automatisch.

Delegeer toegang met de minste bevoegdheden

Schakel selfservicebeheer in zonder dat u machtigingen hoeft te escaleren.

Back-up en herstel configuraties

Ga met slechts een paar klikken terug naar de best practice-configuratie.

Vind verspilde licentie-uitgaven

Verbeter uw zichtbaarheid en maak vervolgens licenties op een intelligente manier vrij, wijs ze opnieuw toe of verwijder ze.

Automatiseer onboarding en offboarding

Verwijder de handmatige afhandeling en zorg dat gebruikers sneller aan de slag kunnen.

Stop de wildgroei van Microsoft 365

Verklein uw aanvalsoppervlak door onnodige en gebruikte teams, groepen en sites te verwijderen.

Wat doet CoreView

Find & Fix
Identity Risks

Stop Teams
& SharePoint Sprawl

Teams Phone Adoption
